

# O'GORMAN SAYS OSCAR STRAUS WILL HAVE TO EXPLAIN

Wants Free Immigration and  
Runs on Ticket With Man  
Opposing It.

Senator James O'Gorman announced today that he would leave for Syracuse to take part in the deliberations of the powers that be and to help arrange for the opening of the Democratic State Convention in Saratoga on Oct. 1. Just what part Senator O'Gorman expected to take in the deliberations he did not say, but he had something to say about Oscar Straus, gubernatorial candidate of the Bull Moose.

"Mr. Straus," he said, "is a very fine man and has many good points. He has changed his political faith often, but a man has a right to do that. There is one thing which I cannot see how Mr. Straus is going to reconcile. On the same ticket with him is Gen. Horatio C. King. Gen. King belongs to the Guardians of Liberty, a society which has for its aim the keeping out of immigrants from this country. Mr. Straus has always been in favor of free immigration and is in direct conflict in his sympathies with Gen. King.

Senator O'Gorman will make an address at the State Fair at Syracuse.

## GATHERING TO FIGURE THE DEMOCRATIC NOMINEE.

The Democratic clans are moving on to Syracuse. From all parts of the State the cohorts are gathering, and the occasion is one ostensibly only to arrange the preliminaries for the State Convention, which is to be held at Saratoga on the first of October.

The selection of a Democratic nominee for Governor will occupy the committee. It is only a coincidence, to be sure, that Gov. Wilson and Gov. Dix will be in Syracuse tomorrow, but they will be there just the same, and Tammany will be there strong with claims for a renomination. Gov. Wilson will be presented to Murphy, the Tammany chieftain, and then we will see what will be.

It is said that Murphy has declared that Dix must go across, but since he said it Vermont has happened and so has Oscar Straus. Mr. Murphy is also credited with the shrewd remark that we cannot always get what we want in the event of which we must be satisfied with what we get.

The name of W. G. McAdoo has been mentioned most prominently with the gubernatorial nomination during the past several days, and friends have been urging the acting chairman of the Democratic National Committee to stand for the nomination. Letters have been pouring in upon Mr. McAdoo from all quarters and he has up to date turned them all down. In fact he has been quoted as saying that if the nomination was handed him he would not run.

## CONGRESSMAN SULZER'S FRIENDS ARE STILL BUSY.

Others have been mentioned in connection with the nomination, of course. Congressman Sulzer has become a serious factor within the last few days and his friends are behind him to stay. The Committee of One Hundred formed to exploit Sulzer is very busy.

Supreme Court Justice James W. Gerard is also in the front. His friends are pushing his claims and it is said that he would not be at all objectionable to Tammany.

The friends of Supreme Court Justice Victor J. Dowling are also in the zone and they are active in their demands for recognition. They claim that Judge Dowling should have had the place two years ago and that it is only just that he should have the nomination at this time.

## PROTEST FERRY HOLD UP.

Whitstone commuters are up in arms. Flushing commuters and others at intervening points on the Whitstone branch also propose war. They declare that the Long Island and Pennsylvania roads have conspired to so divert the travel that they are forced to buy tickets direct to the Pennsylvania terminal in Manhattan, at 50 cents additional a month, rather than encourage traffic over the company's East Thirty-fourth street ferry, which is run irregularly.

A score of representative commuters, including George W. Peck, A. B. Scholer, Joseph H. Gwathmey, Guy B. Kline, George Kline and William Weaver, appeared before Public Service Commissioner Williams and told him their grievances. An inspector of the commission verified the complaint. Commissioner Williams may order that the boats be run so that trains will be met.

## MISS PANKHURST IN PARIS.

Fugitive's Hiding Place Revealed  
by London Suffragettes.

LONDON, Sept. 11.—Christabel Pankhurst, for whom the police have been hunting on a charge of complicity in a conspiracy for the encouragement of suffragette militancy, is in Paris, the Women's Social and Political Union announced today. Having been assured that, as a political offender, she cannot be extradited, there is no further reason, the Union says, for secrecy.

From Paris Miss Pankhurst will continue directing the suffragette campaign on this side of the Channel.

## Thaw's Keeper Weds Matron

The marriage is announced of Dr. Amos T. Baker, at one time Harry Thaw's keeper at Matteawan, and Mrs. Edna G. Peckie, for several years bookkeeper in the same hospital. The romance began when Dr. Baker was assistant superintendent and was in special charge of Thaw.

# HAIR STOPS FALLING, DANDRUFF 'DISAPPEARS—25 CENT "DANDERINE"

Save your Hair! Beautify it! Invigorate your Scalp!  
Danderine grows hair and we can prove it.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or a loose or falling hair, and your scalp will not itch, but what will please you most will be after a few weeks' use, when you will actually see new hair, fine and downy at first—yes, but really new hair—growing all over the scalp.

A little Danderine now will immediately double the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove to yourself to-night—now—that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.
